THE DIFFERENTIAL RATE

BALTIMORE AND PHILADELPHIA MAY LOSE THEIR ADVANTAGE.

E. O. McCormick Advocates the 5,000-Mile Ticket-Private Car Lines Detrimental to Business.

For some months the Chamber of Commerce of New York has been laboring with the board of managers of the Joint Traffic Association to induce them to take up the matter of differential rates on export business enjoyed by Philadelphia and Baltimore; in the case of Newport News it is more just, it is claimed, that its differential be continued. On Friday the board of control of the Joint Traffic Association will meet in New York and this question will then be discussed and possibly some action taken. Twelve or fifteen years ago, when the seaboard cities were disputing for supremacy, the Vanderbilt system, the Pennsylvania system, and the Baltimore & Ohio were engaged in a rate war which was disastrous to the railroads. Finally the question of tariffs was left to a committee surprise of the Vanderbilt lines Baltimore was given a differential of 3 cents and Philadelphia 2 cents. President S. R. Callaway, of the Nickel-plate, says: "There is a difference in a 3-cent differential on a 40cent rate and a 15-cent rate. The advantage which is given Baltimore and Phila-

delphia should not be allowed." all of the opinion that the Baltimore & Ohio is engaged in rate cutting, but they do believe that the company is receiving more than its natural proportion of traffic. If the Baltimore differential is not done away with altogether it is likely that it will be reduced in proportion to the reduction in railroad rates since it went into effect.

Shippers' Cars.

Isaac D. Brown, secretary of internal affairs of the State of Pennsylvania, which is practically the railroad commission of the State, has just published his annual report. in which he takes the ground that cars owned by shippers are prejudicial to general commercial interests and to the railroad stockholders. Among other things the secretary says: "In the reports heretofore made by this bureau extended comments have been made, to indicate the baneful results which flow from such use of shippers' cars-results which are not only prejidicial to the general shippers of commerce, but alike prejudicial to the railway stock-If there can be such a thing in our body politic as the interests of the favored few to the injury of the masses, it probably exists in an intensified form by manufacturer or a producer of articles of commerce having his own cars in which to ship his products to market. He is assured of having a very large income of the railways for his investment in his own cars, and is enabled to put his productions in the market rapidly, and at such times as will enable him to realize quickly from an advancement of prices in the markets affeeting his particular kind of production. while his less fortunate competitor, who is not supplied with his own cars, must depend upon such facilities as the railway corporations may be able to furnish him.

Interchangeable Mileage Book. E. O. McCormick, traffic manager of the Big Four passenger department, was in the city yesterday, and last night went to Chicago. To the question, "Do you favor the 5,000-mile interchangeable ticket?" he said: "It is the thing I have been working for the last eighteen months, and the very mileage the traveling salesmen have been clamoring for. While it meets their views the roads are better protected than under any book yet issued by the central passenger lines. The photograph and the rules under which the book is issued make it valuable to the business men in the territory it covers and so large a mileage does it cover that it takes the place of a dozen or more books now issued on the 1,000-mile ticket plan. The 5,000-mile ticket was bitterly fought by some of the roads with the argument that it would give greater elasticity to mileage and work to the disadvantage of the roads, but when the rules under which the book is issued are considered the folly of such argument is dem-onstrated. The fact that issuing the 5,000mile ticket, guarded as they are, was opposed by the lines which are credited with shading passenger rates and fought by the scalpers, is good evidence that the roads n the Central Passenger Association have it upon an excellent plan."

Wages on Northwestern Lines. The Chicago & Northwestern employs on its entire system 21,092 people at average daily wages of \$1.96; the Chicago Great Western, 2,620 at average wages of \$1.84; the Burlington, Cedar Rapids & Northern, 3,026 at average wages of \$1.85; the Rock Island, 10.519 at average wages of \$1.97; the Iowa Central, 1,375 at average wages of \$1.75; the Des Moines, Northern & Western, 285 at average wages of \$1.63; the Burlington, 17,996 at average wages of \$1.77: the Chicago, Milwaukee & St. Paul, 20,245 at average wages of \$1.93. During the past year the Chicago & Northwestern killed 26 county, Indiana, until 12 o'clock noon, at courthouse in the city of Brazil, said county copie and injured 52 others; the Great Western killed 5 and injured 83; the Burlington, Cedar Rapids & Northern killed 17 and injured 56; the Rock Island killed 17 and injured 5; the Iowa Central killed 4 and injured 120; the Burlington killed 22 and injured 40; the Chicago, Milwaukee & St. Paul killed 23 and injured 17.

> The Soo Makes More Trouble. The Soo line has made more trouble for the Western roads by announcing that from Dec. 15 to 31 it will make a rate of England. The tickets are to have a final return limit of three months from the date of sale. It is thought by the Western lines their competition in the making of houday rates. The Western roads will take the matter up with the lines of the Joint Traffic them assist in the meeting of the rates via Chicago. The chances are at present rather against the Joint Traffic Association making any reduced rates, as it is moving heaven and earth to get the withdrawal of

> New England. Personal, Local and General Notes. W. C. Hobbs, agent of the Kanawha Dispatch at this point, is seriously ill. M. E. Ingalls, president of the Big Four, left on Sunday night for New York. The express companies will on holiday week keep open until 10 p. m. for shipments of packages. Last week the Baltimore & Ohio received six locomotives, completing contracts for

rates from northwest Canadian points to

seventy-five locomotives ordered ninety days ago. The Erie is making a special feature of fast freight trains, and on some portions of the road as good time is made as by pas-The Columbus & Hocking Valley, in get-

ing into Toledo over the tracks of the Lake Shore, has already increased its passenger traffic. H. B. Olds, abstract clerk of the Union Star line at the Panhandle city freight depots, who has been in Colorado for sev-

eral weeks, has returned and is at his post

can Express Company at the Union Sta-tion, is confined at home by an attack of MRS. DOLAN DISCHARGED Many of the railroad companies are this month keeping shop expenses down, owing the year as possible. After the new year shops will probably be started up on a more extensive scale

The Chesapeake & Ohio has purchased two new air compressors for use in th main shops and roundhouse, which will enable them to handle machinery, move locomotives with ease and dispense with the services of a number of men. Through the recently acquired mileage of the Illinois Central the territory of the American Express Company in the South has been largely increased. The company now reaches several new points on the Ohio, Owensboro, Ky., being one of the

The outside ticket office of the Indiana Decatur & Western was yesterday placed in charge of Charles Divine, contracting agent of the company, who will have charge of the office, and J. G. Hollenbeck, late passenger agent, will go on the road as traveling passenger agent.

of the Chicago & Alton, returned from his Eastern trip on Sunday. He went to Chicago, but left D. Bowes, general Western passenger agent, to accompany A. D. his territory, they starting on the trip to-day.

It is understood that after Jan. 1 the Erie will make Hammond, Ind., its Western freight terminus. It is stated that the company has failed to make satisfactory terms for a renewal of its lease of the Chicago terminals. The company owns eighty acres of land at Hammond and is putting in a system of tracks there.

On the Pittsburg, Shenango & Lake Erie

road, last week, sixty loaded coal cars, all

but five of which were of thirty-ton capacity, were hauled by one of their new ocomotives from Meadville junction to heaviest train ever hauled by one locomotive over like grades in Pennsylvania. The entire \$3,200,000 issue of Louisville & Nashville refunding bonds, put on the open market the latter part of the preceding week, has been sold to investors in various parts of the country. A syndicate of New York bankers made a good thing on par and sold out for prices ranging from 102 to 105.

from traffic for the month of November are estimated at \$1.871.691, an estimated decrease of \$285,597 from the receipts of November, 1895. The gross receipts from traffic for the four months ended Oct. 31 were \$7,474,467, an increase of \$209,211 over the earnings for the corresponding period

composed of citizens of Baltimore, Phila- on and after Dec. 20. On this date the demanding to be admitted. He was ordelphia and New York, and much to the Chicago & Eastern Illinois will put into dered away and finally Mrs. Dolan hit him known as the New Orleans & Chicago | He came back and was driven away at the special. It will carry through sleeping point of the revolver. When he came back cars and the officials of the Chicago & again and attempted to force his way into all previous service in this direction.

A committee of the Order of Railway Conductors waited upon General Auditor Hewitt, of the Big Four, hoping to induce nim to reinstate the conductors recently discharged, but he gave them no encour-Railroad managers and presidents are not agement. As Mr. Hewitt has been criticised somewhat for the manner in which he discharged the men, he is said to have proposed to the committee to in each case show the conductors personally the cause of their dismissal.

East-bound shipments from Chicago last week were 58,357 tons, against 72,166 for the preceding week and 52.844 for the corresponding week of last year. The roads 197; Fort Wayne, 5,736; Panhandle, 1,077; lowing articles in tons: Flour, 2,443; grain

The Pittsburg, Fort Wayne & Chicago has been doing some very cheap grading between Alfegheny and Conway, where the roadbed is now graded for a third track. Years ago the company began to haul garbage, ashes, cinders and waste from the two cities at so much a carload, unloading it along the river bank at places where cutting had been done to make the grade. Land owners took advantage of the opportunity to obtain material to fill low places | jury.' and did the excavating of the company free of charge. The roadbed is now ready to lay the third rail.

Yard engineers and yardmasters at division points on the Pennsylvania have been cautioned against handling private cars carelessly when shifting them, as the bills the company has to pay in the way of broken china, etc., are reaching large figures. Last week the dining car run on Trtin 20 over the Pennsylvania lines got a severe jolting at Columbus, and when an inventory was taken it was found that over a hundred pieces of china, fifteen bottles of whisky and several bottles of wine had operates its dining cars.

The Mexican Congress has approved the concession obtained by W. T. Pritchard for the company known as the Mexican South-Chicago. The road is to run from San Geronimo on the Tehuantepec National Railroad to the frontier of Guatemala, where it will join the Guatemalan Northern Railway and on its way will tap the great coffee region of Tapachula. The line is 420 kilometers long and the branch from Tonola over the Sierra Madres to Tuxtla Guiterrez is two hundred kilometers. The road will be standard gauge and carries a subsidy of \$6,000 per kilometer. The company has put up a deposit of \$50,000. C. C. McCain, of Buffalo, commissioner of the Association of the Lake Lines, has written an article reviewing railway pool-

ing for forty years. Mr. McCain was assoclated for ten years with Albert Fink while the latter was commissioner of the Trunk Lines Association, following the creation of the Interstate Commission. At the request of Judge Cooley he accepted an appointment as auditor, in which capacity he established the statistical divisions and was the responsible head of the transportation sition. After reviewing railway pooling for forty years, he gives the bearings of the interstate law upon it and the practical

effects of pooling. A vigorous effort is being made to defeat the Pennsylvania Company's plan to lay additional tracks across Delaware street to its recently acquired property A committee visited J. Q. Van Winkle general superintendent of the Big Four, and asked that, in behalf of the Big Four, he sign a petition to the Board of Public Works that they should not grant the Pennsylvania Company the privilege of laying the tracks across that street, arguing that it would damage the Big Four in reaching its city freight depot. Mr. Van Coming asked nothing unreasonable and the Big Four would not be a dog in the manger; if a city expected to build up its roads. He was then asked personally to sign it. He said he would not, but on the contrary, if a petition was brought to him granting the Pennsylvania Company's request he would sign it, even if it included giving them the sidewalks.

TWELVE FEET IN TRENTON.

Newport Well Will Be Pushed Deeper To-Day-Some Oil Found.

Operations in the drilling of the gas well in the Newport yard, on North Capitor one fare for the round trip from St. Paul avenue, were suspended temporarily yesand Minneapolis to Montreal and all points | terday afternoon at 3 o'clock. The well is in eastern Canada, Nova Scotia and New | now 912 feet deep, and the drill has penetrated ten feet into Trenton rock. The suction cleaner brought up small quantities of that the rates have been made to meet | oil during the afternoon, and there is now speculation that the well may be an oil Association and make an effort to have although it was rumored Saturday that the odor of gas could be detected at the mouth of the hole. Work began again early this morning, and the Trenton rock will be further pierced, in the hope of finding paying quantities of oil. The oil that has been brought out of the well is of fine quality.

Arsenic in the Flour. Michael McFarren, of 161 Elizabeth street, reported to the police that an attempt had been made to poison him by putting 'Rough on Rats' in a sack of flour. He thought the flour looked a little off-color and took it to a physician, who also was of the opinion that the flour was full of poison. The flour was turned over to the City Board of Health yesterday and a small sample of it was sent to Dr. Hurty. He did not make an analysis of it, but a quick test disclosed the presence of arsenic. McFerran told the police that he had been living with a woman who had left him after a quarrel and he suspected she was responsible for the attempt to poison him. The woman, whose name he gave, is now

in the workhouse. Don't worry about your health. your blood pure by taking Hood's Sarsaparilla and you need not fear the grip, colds, bronchitis, pneumonia or typhoid years has been in the employ of the Ameri- thartic, easy to take, easy to operate.

to a desire to make as good a showing for JUDGE COX SAYS MURDER OF JACK-

SON WAS JUSTIFIABLE.

Colored People Hold an Indignation Meeting and Say They Will Take the Case to the Grand Jury.

By the action of Judge Cox, of the Police Court, Mrs. Grace Dolan has been discharged from custody on account of the killing of Henry Jackson, the court holding that the act was justifiable. When Judge Cox rendered his decision there was quite a scene between Mrs. Dolan and her husband. The latter took his wife in his arms James Charlton, general passenger agent | and kissed her repeatedly. He wept with joy, but the woman showed little emotion. There was a large crowd in the court room, attracted by the trial. Several hun-Parry, the district passenger agent, over dred colored men and women were gathered in the basement of the courthouse, but

only a few of them were allowed in the court room. The prosecution attempted to show that the shooting was the result of a quarrel and that Mrs. Dolan fired the shots after she had successfully driven Jackson away from the house and at a time when he was not attempting either to harm her or to force an entrance into the house. The State also brought out the character of Mrs. Dolan on her own cross-examina-Conneaut harbor, which is said to be the tion. She said she had been arrested several times and had been an inmate of the Woman's Prison.

Mrs. Dolan's story was practically the same as she told the Journal when she was arrested. She testified that Jackson tried to force an entrance to the house; that she the deal, as it purchased the whole issue at ordered him away and then struck him with a club; that he returned a second The gross receipts of the Illinois Central then fired the fatal shot. Her testimony was corroborated by Emma Ott and Hazel Searring

The shooting of Jackson occurred last Thusday evening at about 5:30 o'clock, in front of the house at 12. North Liberty street. This is the dwelling place of Mrs Dolan. Her husband is frequently away from home and she keeps a pistol in the The fast train service between Chicago house for her protection. Thursday even-and the South is to be materially improved ing a colored man appeared at the window, Eastern Illinois claim that it will eclipse | the house and threw a brick at Mrs. Dolan, she then shot him.

Little has been learned about Jackson. He was twenty-two years old and colored. He came to this city from Georgia about a month ago and boarded with Mrs. Miranda Powell, at 310 East Court street.

An Indignation Meeting. About seventy-five colored people met last night in the hall of the Herculean Club to hold an indignation meeting on account of the release of Mrs. Dolan. They claim that the truth has not been brought out and that if it is ever known it will carried tonnake as follows: Michigan Cen- prove that there was a motive much dif-tral, 5,560; Wabash, 4,873; Lake Shore, 8,- ferent from the one given for the shootferent from the one given for the shooting. William Taylor, one of the leaders Baltimore & Ohio, 5,712; Grand Trunk, 6,- ing. William Taylor, one of the leaders 242; Nickel-plate, 4,842; Erie, 7,318; Big Four, of the meeting, said last night: "The col-2.800. Shipments were made up of the fol- ored people are very indignant over the action of Judge Cox in discharging Mrs. and millstuffs, 28,276; cured meats, lard, Dolan, who was held for the murder of a etc., 8,936; dressed beef, 9,342; miscellaneous, young colored many. There were many witnesses who knew something of the case and were waiting in the basement of the courthouse to be called. They did not go forward because they supposed they would be called to give their testimony. Some of those who saw the body say there were only two bullet holes in it, and that these were both in the back, indicating that Jackson was shot while going away from the woman. I think the matter will yet be brought to the attention of the grand

> A NEW POINT RAISED. James Gordon Seeks Release on a

Small Technicality. A habeas corpus case, based upon a peculiar legal technicality, was heard yesterday by Judge McMaster. James Gordon seeks his release from the county workhouse, where he is serving a sentence of thirty days and the time necessary to pay out a fine of \$100 and costs. It is claimed by his been broken and the contents of the latter attorneys that his commitment is not spilled. The Pennsylvania Company now legal, because the papers committing him to the workhouse were made out before the Police Court records had been properly signed by the judge. This is the usual cuseastern Railway having headquarters in tom in this court. It is usually the case that the prisoners are all in the workhouse

before the records are completed. The books of the Police Court show that Gordon is an old offender and has been before Judge Cox many times. He first appeared Dec. 13, 1895, and pleaded guilty to the charge of petty larceny. It being his first offense, judgment was suspended on his promise to do better. A month later he was in court again for drunkenness and was again released on his promise of good behavior. Jan. 26 he was arrested for loitering, and judgment was again suspended. The next day the police arrested him again on the same charge and he was fined \$1 and costs and sent to the workhouse. March 5 he was again arrested for loitering and served sixteen days in the workhouse. June 26 he was arrested for drunkenness, but the case was dismissed. July 29 he was arrested for loitering and was released on his promise to leave the city. Aug. 18 he was fined \$5 and costs and sentenced larceny. He served his time and on Oct. 30 he was fined \$100 and sentenced for thirty days for loitering. It is this sentence that he is now serving.

SHUTTING OFF JUNK DEALERS. Member of Metzger & Co. Firm Fined

for Using Beer Bottles. Magistrate Nickerson yesterday fined Frederick Wellman, of the firm of Jacob Metzger & Co., for using bottles belonging to the Indianapolis Brewing Company. The case was originally filed in Magistrate Winkle answered that the Pennsylvania | Lockman's court under a statute which is intended to protect the property rights in bottles used by the manufacturers of bevcommerce it must expect to favor the erages. The specific charge was that on Nov. 30 Jacob Metzger & Co. filled and sold nineteen bottles belonging to the Indianapolis Brewing Company and containing the company's trade mark blown in the bottle. Jacob Meztger was also arrested. but he showed that he had no connection with the firm and was discharged. Wellman was fined \$1 for each bottle shown to have been thus unlawfully used. This is according to the provision of the statute, and for subsequent offenses the penalty is \$5 for each bettle. The arrest of Wellman was accomplished in the hope of stopping the wholesale use and theft of beer bottles. Bottles are stolen by the thousands annually and sold to junk dealers. The junk dealers sell them to bottlers who will purchase them. It is to stop the bottlers using them and to thus shut off the junk dealers' market that the case was brought. On the trial of the case it was shown that beer bottles are not sold by the manufacturers. Their value is charged to the purchasers of the beer they contain, and if they are not returned their value is charged as a forfeit against the purchaser, but the bottle still remains the property of the beer manufacturer who issues them. It is possible that civil action may be brought against some bottling concerns if the practice of using bottles indiscriminitely is continued. The trade marks used by most of the beer manufacturers are registered and protected by law, and the use of the bottles for other beer would probably be a violation of the federal laws governing the use of trace marks.

ANOTHER MONON SUIT.

it Is for the Foreclosure of a Million-Bollar Mortgage. Another suit for foreclosure was filed in

the United States Court against the Monon yesterday. The Central Trust Company, of New York, and James Murdock, of Lafayette, are the complainants in this case and ask the foreclosure of a mortgage for \$1,000,000 executed to cover an issue of bonds for a like amount. The mortgage is dated Sept. 1, 1894. Interest on the bonds is payable semi-annually, and it is alleged | man-American Savings Bank of New York, the payment of \$17,000 due Dec. 1 was not | to take up the bonds ordered paid by the The mortgage covers all the railroad from New Albany to Michigan City, the Bedford & Bloomington Railroad, the West Baden & French Lick branch and the property at Louisville and Indianapolis. my mind respecting them, except I think better

which the same plaintiff and the Farmers' Loan and Trust Company, of New York, and John T. Mills, jr., are complainants, the consolidated suit is known as the Farmers' Loan and Trust Company et al.

against the Louisville, New Albany & Chicago Railway Company. Over White County Realty.

Seth Miller Kent, of New York, yesterday began a suit in the United States Court against Laurie T. Kent and Harriet H. Kent, of White county, Indiana. The plaintiff says that in 1890 he and Laurle Kent were each the owners of an undivided half interest in a large amount of real-estate in White county; that plaintiff conveyed his interest to Laurie T. Kent to make him safe as the indorser of a note for \$2,000 for money which the plaintif borrowed from a Chicago bank. Plaintiff avers that the deeds were not in fee simple, though they were such on their face; that there was an understanding between plaintiff and Laurie T. Kent that the property should be returned when the note was paid. When the note was due, Laurie T. Kent mortgaged the property in dispute and paid it. The plaintin alleges that he has offered to pay the \$2,000, but that the defendant refuses to accept it, and claims that the property was conveyed in a reg-ular sale. Seth Miller Kent asks that a receiver be appointed to manage the estate until the court can determine the equities

Woodruff Trustee Withdrew Names. There was a little surprise in store for C. B. Flebleman when he appeared at the office of the County Commissioners yesterday, expecting to receive an appointment as justice of the peace for Woodruff Place. The trustees of Woodruff had preceded him and withdrawn their names from the petition asking for his appointment, and there was nothing left for the commissioners to do but refuse to act. However, the case was simply continued and it will be taken up again Thursday.

Yesterday morning Judge McCray granted a change of venue in the case of David Stalcup, for killing William Owens, and sent the case to Hamilton county. The murder occurred in a barrel house on East Washington street, and in the first trial Stalcup was sentenced to the penitentiary for life. The case was appealed to the

Supreme Court and was reversed.

Change of Venue for Stalcup.

Suburban Grocer Assigns. Thomas P. Overman, a grocer at Reisner and Howard streets, West Indianapolis, yesterday filed a deed of general assignall his property and is for the benefit of his general creditors, without preference. The liabilities are about \$700.

The Mexican Fined.

Francisco Gonsale, the Mexican, who, when arrested Sunday morning by Patrolman Cronin, attempted to use a pistol on the officer; was fined \$100 and costs yesterday in Police Court.

New York Will Be Represented by

Legitimate Business Interests. In yesterday's mail of the executive comtion was a letter from W. L. Trenholm, president of the American Surety Company, of New York, and ex-controller of the currency. He gives information about the various commercial bodies of New York and makes suggestions of value in getting the right sort of representation from that city. The twenty delegates allotted to New York have been apportioned among the Produce department until he accepted his present to the workhouse for thirty days for petty Exchange, Coffee Exchange, Cotton Exchange, Board of Trade and Transportation and Chamber of Commerce. This leaves out the Stock Exchange and Wall street. Inquiries were received from the Raleigh (N. C.) Chamber of Commerce, Galesburg Business Men's Club and East Liverpool (O.) Board of Commerce, asking for the privilege of sending delegates. Among the prominent men and concerns heard from yesterday in support of the movement are John H. Hall, president of the Colt's Arms Company, Hartford, Conn.; W. T. Fenton cashier of the Bank of Republic, Chicago; Dan P. Eels, president of the Munising Railway Company, Cleveland, O., and J. A. Wright, president of the Reliance Gauge

Company, of Cleveland. James C. Brooks, president of the Southwark Foundry and Machine Company of Philadelphia, writes the first letter that has been received in opposition to the movement. In a letter of some length Mr. Brooks declares that he believes the present system is all right, if the government's income could be made to meet its expenses. He criticises Mr. Cleveland for declaring that there is a surplus in the treasury and expresses the belief that what is needed is tariff revision. M. E. Ingalls, president of the Big Four, writes that he has started the effort to get reduced rates to the convention and offers his services in any other direction they may be needed. Mr. Hanna left for his Eastern journey last evening.

INSURANCE STATISTICS.

Refer to the Companies Doing Business in Indiana.

The report of the insurance department of the auditor of state for the last year will show that there are 281 companies authorized to do business in this State, of which thirty are fire companies foreign to the United States and one life insurance company foreign to the United States. There are sixty-three companies of the United States foreign to the State of Inforeign to the State of Indiana doing a life, accident and surety business: ten Indiana companies doing a was more than double that of the previous fire insurance business; eighty assessment | year. companies outside of Indiana, authorized to do a life and accident business; forty-seven companies organized under the assessment law of this State, doing a life and accident business. The report will not only show the capital stock paid up of each stock company, but

bilities of each stock and mutual company, together with the items making the total assets and liabilities. A State Warrant for \$200,000. The auditor of state yesterday drew his warrant for \$200,000 in favor of the Ger-

FOR HANDLING GARBAGE

SUBSTANCE OF THE CONDITIONS IN THE SPECIFICATIONS.

Collections to Include Only "Green Garbage"-Residents Must Provide Suitable Receptacles for It.

The Board of Public Works yesterday formally adopted specifications under which proposals for collecting garbage for a term of six years will be received Jan. 8, 1897. The city will be divided into four districts, as follows: First district, all that portion of the city

north of Washington street and west of Alabama street; second district, all of the city north of Washington street and east of Alabama street; third district, all of the city south of Washington street and west of Meridian street; fourth district, all the city south of Washington street and east of Meridian street. Contractors may bid for the removal of garbage within the entire city, or in each of the districts as above described. No proposal will be considered by the Board of Public Works unless accompanied by a certified check in the sum of \$1,000. The check will be returned to the successful bidder upon entering into a proper contract and bond with the board, but upon fallure of the successful bidder to enter into such contract and bond such check shall be forfeited to the city, as agreed and liquidated damages. All proposals must state a lump sum to be charged the city of Indianapolis each year during the period of the contract. The Board of Public Works reserves the right to reject any or all bids, Among other things the specifications

provide that: "The contractor shall collect all garbage accumulating within the district covered by bid. The garbage to be collected is what is known as kitchen or green garbage, understood to mean all household waste, offal, animal and vegetable matter, and does not mean industrial ment to Avery Chambers. The deed covers | refuse, such as wood, shavings, ashes, sweepings or other substances other than animal and vegetable matter known as green garbage. The contract shall not be so construed as to mean that the contractor shall collect and remove decaying vegetables or fruits from retail groceries, commission houses or from business houses engaged in similar occupations. The garbage shall be collected from May 1 to Nov. 1 in each year three times in each week. From Nov. 1 to May 1 collections shall be made twice each week. It shall be within the province of the Board of Public Works to grant permission for any person to remove his own garbage, provided it is delivered and removed to such point as may be agreed upon with the Board of Public Works and Board of Health and Charities, and in the manner provided for in the specifications. The contractor will make bids for de-

ivering collections to the works of the Indianapolis Desiccating Company, located on the east bank of White river, and also upon the basis of delivering collections to ellers farm, and until such garbage is delivered and dumped to the satisfaction of said city it will be considered under the immediate charge of the contractor. "The contractor, in the collection and re-

moval of the garbage under the contract to be made, shall provide water-tight vessels, tanks or boxes mounted on two or four wheels, which shall, when containing garbage or matter giving off noxious odors, be securely and tightly covered on top in a manner to be approved by the Board of Public Works, so as to prevent the contents or any odor escaping there-from, and when unloaded, after the delivery of each load to the desiccating point, each vessel, wagon or tank shall be thoroughly washed and disinfected to the satisfaction of the Board of Public Health. All vehicles shall have on both sides a to-day. They have been there investigating sign with the words "City Contractor the method of keeping special assessm Garbage Cart" or "City Contractor Gar- records. bage Wagon" painted with the number of the vehicle in black letters not less than four inches in height, on white background.

The Board of Health will divide the city

into districts, and the contractor shall be furnished with a list showing the boundaries of each and a statement of the day of the week on which he will be required to make collections. He will not be allowed to depart from the time fixed for collection in each district, except by obtaining the written consent of the Board of Health. All collections from houses in each district shall be made on certain days, and as nearly as possible at the same hour of the day. The contractor will furnish householder with a printed list of the days on which he will make collections. 'It will be the duty of every resident nouseholder, tenant, hotel keeper, boarding house keeper, retail dealer, and all parties or persons occupying dwellings within the city to keep portable vessels or tanks for holding garbage, such tanks to be perfeetly water tight, and provided with a tightly fitting cover, which shall not be removed except when absolutely necessary. Said vessels or tanks shall be kept or placed in the rear of the house, or in the pasement areas or passageways most accessible to be collected, and never upon the street, alley, sidewalk or other public place, and shall be of a capacity of not less han one bushel, and as much larger as shall be deemed necessary. All such vessels or tanks shall be promptly delivered to the collector when called for, and shall e returned by him without unnecessary delay. The contractor for collection will be required to furnish to the Board of Health and Charties immediate notice of he failure of any householder to have garbage ready for collection on the day set for such collection. Upon complaint having been made of a failure on the part of he contractor to properly collect garbage. it will be the duty of the Board of Health and Charities to investigate, and if, in their judgment, such failure to collect was solely the fault of the contractor, they shall report such violation of the contract to the Board of Public Works, who shall deduct a sum not less than \$1 and not ex-

ceeding the sum of \$5 for each violation so reported. "It will be the duty of the Board of Health and Charities to investigate all complaints made of failures on the part of the householders, to comply with the provisions of the ordinance requiring the placing of vessels, or tanks, for emptying by the contractor, and to prosecute all offenders.

"The contractor will provide an office. conveniently located and furnished with a telephone. A clerk shall be regularly employed to answer all complaints made and to promptly dispose of the same. "The contractor shall pay any judgment which may be taken against said city, either alone or jointly with said contractor on account of any injury or damage to persons or property by reason of the carrying out of this contract caused by the fault of the contractor.'

LICENSE TAGS RECEIVED. Controller Johnson Rendy for the An-

nual Rush of Buyers. Controller Johnson's office was littered the present year 11,624 bicycle licenses have been issued where there were only 5.013 in Mayer. He outbid Chicago and Cincinnati firms, his proposition to furnish the tags at old made. The total cost of the little metal bits that will certify next year that several thousand dollars has been paid into the diana doing a fire and plate glass business, city treasury is \$313.50. It is believed that fifty-one companies of the United States | the number of bicycle licenses issued next year will exceed those of 1896 to a very large degree. The number taken out in 1896

Controller Johnson and County Treasurer Schmidt are expected home from Chicago

The Indianapolis Light and Power Company was ordered to relocate the light at Spruce and Willow streets, at Laurel and Willow, and the one at Martin and Gray streets at the east side of the south end of Applegate street. Councilman Dewar, of the Eight ward, requested that the street commissioner be instructed to place stone crossings at the intersection of Walcot with Ohio street and of State with Market street. The street commissioner was instructed to have the

work done.

Perry Reads His Bible. Since his trial and conviction of murder in the second degree, William Perry, the slayer of Leotus McLean, has passed the time at the county jail in reading and meditation. He reads the Bible constantly. He was seen yesterday mingling with other prisoners in the main corrider, and in speaking of the fortitude with which he bore up under the strain of the trial and verdict, he said:

"I tried to be cool and conceal my emotions, but I never would have succeeded by my own power. It was the aid of a higher power that I was able to stand the ordeal so well. Perry does not know what will be done further in his case. "I have left that entirely with my attorneys." he said. "I think the verdict is terrible and undeserved. I killed McLean in self-defense, I know they made a hard case against me, but I believe the verdict was too severe, even on the evidence. No. I have no means, and do not suppose it will be possible to have my case
